

So, you want to help fix private copying?

Pick one or pick a few - it's up to you.

Post about us on socials

We have a handy [digital brochure](#) & [shareables](#) that you can share with your followers.

Write to your MP

In just a few clicks, send a [message to your MP](#) asking for the private copying regime to be made technologically neutral.

Put a face to private copying

Post a selfie video that says "I'm _____, I'm a songwriter/performing artist/musician and copyright is my paycheque. Fix private copying royalties now!" Tag us so we can amplify it.

25 words or less

Use our [online form](#) to write about why private copying royalties are important to you. We'll share your testimonial with government and on socials.

Fight for your right (to earn income from your work)

Get your peers to join the fight. Blogs, podcasts, or newsletters? [Work with our team](#) to make your call to action come to life.

Let's talk to decision-makers

Join us when we talk to key influencers in government and media. They want to hear about this from your perspective.

How we copy music keeps changing.
How rights holders get paid has to keep up.
